WHERE DO WE GO FROM HERE ?

ELOFSSON / BAYRAK

Outside I'm cold but I'm burning inside
Impossible, crazy
like snow in July
People keep talking, they keep passing by
The world could be ending
I wouldn't care why

What if you could be the one that I'll remember
When I'm old and grey and looking back at life
What if I just stumbled into my forever
Baby kiss me back to life
Cause I can't breathe

Feels like I'm drowning
Don't let me go now
Please hold me closer
Feels like I'm falling
Into emotions
I've never felt before
So now, what
Where do we go from
Where do we go from
Where do we go from here

I thought I carried a heart made of steel
But you cracked it open, yeah you broke the seal
So kiss me again now, and promise we'll last
cause I'm tired of waiting, I'm done with the past

What if you could be the one that I'll remember
When I'm old and grey and looking back at life
What if I just stumbled into my forever
Baby kiss me back to life
Cause I can't breathe

Feels like I'm drowning
Don't let me go now
Please hold me closer
Feels like I'm falling
Into emotions
I've never felt before
So now, what
Where do we go from
Where do we go from
Where do we go from here
So now, what
Where do we go from
Where do we go from
Where do we go from here

Impossible, crazy
like snow in July
The world could be ending
I wouldn't care why

Feels like I'm drowning
Don't let me go now
Please hold me closer
Feels like I'm falling
Into emotions
I've never felt before
So now, what
Where do we go from
Where do we go from
Where do we go from here
So now, what
Where do we go from
Where do we go from
Where do we go from here

BACK ON YOUR RADIO

ELOFSSON

I've been caught inside a radio shadow
For the longest time
living on outside the range of your love
For the longest time
Tell me
You've been listening to the static
Searching for the echoes of me and you
Losing you was tragic
Tell me now
Am I getting through

Are you
Pickin' up my signals again
Back on your radio
I'm sending you a message again
Back on your radio
Been thinking about you
Lately, dreaming about you
Push that preset button baby
Turn that magic dial,
Tune into my frequency
I missed you for a long while

Lately I have heard the whispers of you
In the windy trees
Even though you might be light years away
it puts my heart at ease
tell me...
Maybe love is in the static
That you're still out there, after all
Maybe just like in the old times,
"operator, place a long distance call"

I believe I believe I believe
You came around
And sat on my bedside
In my heart I know you want me to see
You're there in the distance
waiting for me

I SHOULD'VE FOLLOWED YOU HOME

ELOFSSON / BARLOW

I can't believe
It's really you
You still look the way you used to
All this time, what have you done
won't you tell me what you've been through
and maybe
if you
Want to
let's talk for a while

Dancefloor dust, never quite settles
Busy feet, remember still
The way we moved so close in the darkness
Oh The music the magic the thrill
I must have been so lost in the moment
I missed the chance to make you my own
Now I know, now I know, now I know,
I should've followed you home

so familiar and so right
you never left me since that one night
though we tried to say goodbye
some things stay with you
your whole life,
for your whole life...

Snow falls, street lights, paint your face
we smile and say, take care, I'll see you soon ...again
maybe, if you want to
I'll see you soon again

DANCE YOUR PAIN AWAY

ELOFSSON

nothing you can do
The damage's been done
you caught him in the restroom
With another one
When everybody's looking at you
crying's not the right thing to do
Don't run for the door
Get back on the floor
Don't give them what their waiting for

Da da da dance your pain away
Da da da dance your pain away
Let there be rumours
Pay no attention
Lock your tears inside
And show some pride
Da da da dance your pain away
Da da da dance your pain away
create an illusion
cause some confusion
Lock your tears inside
And show some pride

Pictures in your mind
Tearing at your heart
You're breaking into pieces
But you can't fall apart
When everybody's looking at you
better shine the whole night through
Don't run for the door
Get back on the floor
Don't give them what their waiting for

Nothing,
he's got nothing, he's got nothing,
he's got nothing on you!!
on you!!

I WAS A FLOWER

ELOFSSON

Careless hands
Reckless heart
Tore me from the ground
I followed you
Like a river follows the sea...
hollow dreams
precious pride
I blossomed by your side
I followed you, you were everything to me

But now you walk right through me
Like I'm an empty ghost
Now when I need you the most

I was a flower
Now look what you have done
You made my colours fade
Too close too the sun
Once I was innocent
beautiful
Life had just begun
I was a flower
Now look what you have done

Crazy nights
Wicked ways
I withered in the haze
followed you, 'til I followed you too far
I needed you, your face was kind
I trusted you, my faith was blind
and now I don't know who you are

I was a flower...

Careless hands, reckless heart
My life had just begun
Now look what you have done

PERFUME IN THE BREEZE

ELOFSSON / THOMANDER

the beach, is a lonely place
this time of year
the mongers and the tourists and the children
...have all disappeared
I'm not sure what happened
But it happened so fast
People say love like this will never last
But what a night
What a night
What a night
I'm still not alright

you vanished
like a rainbow
From the horizon of my heart
Left me seaside like a homeless
I push my sorrows in a cart
You vanished
like a shadow
into the darkness of the seas
Maybe next time my sweet lover
I'll catch your perfume in the breeze

Flicking through channels, on the TV set
To quiet my mind
reality shows and the news replaces
the piece I can't find
I'm not sure what happened
But it happened so fast
People say love like this will never last
fortune tellers
And tarot cards
Cant find the clues
Won't heal my scars

you vanished
like a rainbow
From the horizon of my heart
Left me seaside like a homeless
I push my sorrows in a cart
You vanished
like a shadow
into the darkness of the seas
Maybe next time my sweet lover
I'll catch your perfume in the breeze

when you bring summer back again

you vanished
like a rainbow
From the horizon of my heart
Left me seaside like a homeless
I push my sorrows in a cart
You vanished
like a shadow
into the darkness of the seas
Maybe next time my sweet lover
I'll catch your perfume in the breeze

PAST FOREVER

ELOFSSON / BAYER SAGER

If I could leave one thing behind
Let it touch the hearts of others
make a difference, in your time
If I could give, what you gave me
Your beating heart, unselfishly
the kind of love that last,
past forever

that's a long long time
that's a long long time
what can't be broken
the kind of love that last past forever
that's what we leave behind
what can't be broken
the kind of love that last past forever

If I could leave one thing behind
Let it hold the quiet promise
Of better days to come
And I should thank you endlessly
For the way you made me see
It's not the destination,
it's the journey

and that's a long long way
it's what we live for
the kind of love that last past forever
that's a long long way
it's what we live for
the kind of love that last past forever

Do you know that I love you
Do you know it for sure
Do you know that I keep you in my heart
forevermore

and that's a long long time
what can't be broken, the kind of love that lasts,
past forever
and that's a long long way
it's what we live for
the kind of love that lasts
past forever past forever
it's what we live for
the kind of love that lasts
past forever, past forever

THE ONE WHO LOVES YOU NOW

ELOFSSON / WESTERLUND

Ewrything I ever had
I let it slip away
Every dream I ever dreamed
was lost until today

for I have seen tomorrow
where my future lies
I see it every time when I
look into your beautiful eyes

I'm holding on now
I'm holding on now

Love don't let me go
Love, please let me know
Have you been waiting
Just the way that I've been waiting
love, don't let me go
love, please let me show
how much I want to
be the one who loves you now

maybe I was too afraid
to show my broken heart
fading in the shadows
'til my world just came apart
looking at you now i feel
what I never felt before
that I am finally ready
To risk it all once more

If you believe in taking chances
Baby take this one with me
And you'll see what I see
I'm holding on

BUBBLE

ELOFSSON

Time, means nothing here
We let the past, the future disappear
Inside this moment
We live and breathe as one

Nothing can't become something
Something can't become nothing
We are...

Rainbow skies, northern lights
Tales from falling satellites
Like fireworks you're breaking through
The love I feel, you feel it too
Forget the world
Let's stay inside
I know the perfect place to hide
only me and you
in this bubble made for two

Caught in a blind spot
We've only got eyes for each other
Some kind of madness, I know
But it's the way i feel

Nothing can't become something
Something can't become nothing
We are...

The tears inside your eyes, multiply
Become a river in me

WHEN YOU REALLY LOVED SOMEONE

ELOFSSON

Soul searching
Heart broken
Eyes open
Some say,
you're only crying in the dark
Life changes
Re-arranges
Time passes
Some say
you're only crying in the dark

he promised you his love would last forever
the day he said goodbye
all you wanted, was to lay down, and die

when you loved someone
really loved someone
and you've lost that one
well then nothing really matters
no forgiveness
no politeness
no one else could take his place
no one, no one
when you've really loved someone

come together honey
let him go now honey
save your heart, they say
no more crying in the dark
gotta break loose, have some fun
...let yourself go, come undone
I know your friends mean well but...

I KEEP THEM ON THE FLOOR BESIDE MY BED

FÄLTSKOG / ELOFSSON

I knew, I had to leave that day
I couldn't take it anymore
Guess I had it all by then
But I lost my way somehow
Well who cares what I do now

I never thought I'd hurt this much
My heart would break so easily
I'm a fool and that's a fact
I'm a fool, now I can see
our love was meant to be

the memories starts to flow, oh
The pictures, me and you
I keep them on the floor beside my bed
The images rewind, I
lose myself in time
The movie still plays on inside my head

You're always here, that's how it seems
I feel you even, in my dreams
I should've stayed and worked it out
That's what love is is all about
Instead I left you all alone

the memories starts to flow, oh
The pictures, me and you
I keep them on the floor beside my bed
Summer nights with you
Walking hand in hand
Why is love so hard to understand

I should have stayed and worked it out
That's what love is all about
Instead I left you all alone
